Greetings!

On behalf of Salt Lake City, I am pleased to welcome you to the 2011 International Women of the Mountains Conference! I am thrilled the great state of Utah, and beautiful City of Orem were chosen to host this important event.

The perspectives, ideas and challenges discussed at the Conference will significantly benefit many as it relates to gender issues and sustainable development in mountain communities around the world.

While you are visiting, please take advantage of the beautiful outdoors that the Salt Lake Valley has to offer. Our world renowned snow, skiing, picturesque mountains, Great Salt Lake, unique dining and local shopping are only few of the superb attractions.

Again, thank you for visiting Utah. I wish the 2011 International Women of the Mountains Conference to be a great success!

Warmest Regards,

Ralph Becker
Mayor
